Closing date for applications:

11th February 2021

This course will provide an overview of home accidents and an insight into injury prevention in critical areas.

It is aimed at those who play a role in the prevention of accidents in the home for older people:-

- People caring for older people in the home.
- Volunteers supporting older people, health professionals from community and voluntary sector and statutory organisations

Delegates will develop skills in:

- Promoting safer home environments
- The importance and need for home safety
- Recognising who is most at risk from home accidents and why
- The causes, consequences and related costs of home accidents
- Accident prevention measures and methods of assessing, prioritising and controlling risk
- Effective interventions and how to evaluate them

All delegates will receive a RoSPA certificate on completion of training.

This course qualifies for Continuing Professional Development points.
