Volunteer Now have been working in partnership with the [Mobilising Voluntary Action](#) Research Group on a 4-nation comparative study funded by the Economic and Social Research Council (ESRC), which had the objective of investigating the volunteering response to the pandemic.

This is an exciting study with the aim of providing results which will help guide national recovery and ensure future preparedness.

Join us at our Mid-Project Briefing where our team will provide more details of where we are at the halfway point!

Please register your interest with [sandra.faulkner@volunteernow.co.uk](mailto:sandra.faulkner@volunteernow.co.uk) and we will send you joining information the day before the session.
