

Survey on Special Educational Needs Information

We need your help 🗣️

We know that finding the right information on Special Educational Needs (SEN) services and support can be difficult, which is why we are working to make it easier to access the right information at the right time to help support children and young people with SEN.

We are asking parents, carers, teachers, young people and anyone interested, to provide their views on accessing information about SEN services and how we can improve this by completing this survey by Sunday 7th November.

Your feedback will be used to shape the development of the EA Plan of its arrangements for Special Educational Provision in Northern Ireland next year.
